

COMMERCIAL LANDS MASTER PLAN FINAL REPORT

First of all I would like to thank all of the Elders, Members, and staff who took part in creating this Commercial Lands Master Plan. Without this feedback we would not be able to move on to the next steps and having economic growth within our community.

It is with great pleasure, to let you know that our commercial lands master plan is complete. The plan is 265 pages, which is much too large to put in the community newsletter and too large to mail out. I do have the final copy here in the office, if you are interested in reading and learning all the steps we did to create this plan. I will also be posting a link onto our website so you can view at your leisure.

The next step from this plan was to send the proposal to Aboriginal Affairs to access funding to undertake a feasibility study and business plan for resort accommodations near Rocky's. The proposal has been submitted and we are waiting to hear if it will be approved, we should be learning of this approval sometime this month.

If you have any questions or comments regarding the plan, please do not hesitate to contact me at the office.

Miigwetch,

Marilyn Nicholls-Economic Development Officer
