Job Description

Teach For Canada Teacher

Northern Ontario

Teach For Canada is a non-profit organization that works with northern First Nations communities to recruit, prepare, and support outstanding teachers.

What does a successful northern educator look like? They overcome challenges with flexibility and bring community into their classroom. Outside of school, they get involved in the community, lead extracurricular activities, and explore the natural environment. But above all, they come humbly to learn as much as they teach.

Teach for Canada provides selected teachers with 3 weeks of preparation and 2 years of professional support. Together, we work with communities to fill [Canada's largest education gap](#).

Qualifications:

- Certified or certification-eligible to teach in a Canadian province or territory.
- Have legal working status in Canada for at least two years.
- Available to attend the Summer Enrichment Program from July 16 to August 6, 2017 (all-expenses covered by Teach For Canada).
- Able to relocate and teach full-time in a rural First Nations community in northern Ontario.

As an organization that works with Indigenous communities, we value Indigenous role-models in the classroom and encourage Indigenous candidates to apply.
