Welcoming Our Incoming Wahnapiatae First Nation Councillors

Following the recent election, Wahnapiatae First Nation will welcome four elected Councillors who bring a wide range of experience, values, and community commitment to their new term in office. As they prepare to take their seats on Council, each one will carry forward a strong vision for our Nation's future rooted in service, advocacy, and pride.

Bob Pitfield will return to Council with continued dedication after serving multiple terms. He will bring his proven leadership, having helped guide Wahnapiatae through major accomplishments such as the final settlement of the land claim and the RHT trust establishment. Bob will focus on ensuring these funds continue to benefit future generations. He will also support infrastructure improvements, economic development initiatives such as ADLP, and the continued work on self-governance and sovereignty. Known for his humility and steadfast commitment to the people, Bob will continue serving with integrity and long-term vision.

Jamie Roque will serve on Council with a deep personal history in Wahnapiatae and strong roots in public service. As the daughter of WFN's first elected Chief and with experience in education, engineering, and parent council leadership, Jamie will bring transparency, accountability, and responsiveness to the role. Her focus will include improving roads and infrastructure, supporting law enforcement and public safety, and creating local employment through small business support and environmental sustainability. Jamie's hands-on community experience will guide her in advocating for wellbeing and strong community ties.

Marnie Anderson will bring a health and education-based perspective to Council, shaped by her extensive

work in Indigenous health, youth wellbeing, and policy development. Holding a Master's in Interdisciplinary Health from Laurentian University and a record of collaboration with over 35 First Nations, Marnie will focus on holistic health, language and cultural revitalization, and environmental responsibility. Her priorities will reflect her belief in reciprocity, the Honorable Harvest, and building a healthier, more connected future for all.

Terry Roque, a longtime Housing Coordinator and community member, will bring practical experience and dedication to advancing safe, sustainable housing for members. Having helped build homes and secure funding in her previous role, Terry will aim to expand housing opportunities, especially for returning members and families. She will serve with integrity and a deep respect for the voices of elders and youth, working to ensure all members feel represented and supported by Council.

Together, these four incoming Councillors will work alongside the Chief and Administration to advance Wahnapiatae First Nation's priorities—supporting good governance, meaningful engagement, and long-term community strength. Their unique backgrounds and shared commitment will help guide the Nation forward with care, accountability, and purpose.

In Loving Memory of Wendy Tyson

It is with heavy hearts that we mourn the passing of Wendy Tyson, a pillar of our Wahnapiitae First Nation community. Wendy's loving and caring spirit was felt far and wide—whether through her warm presence, her generous heart, or her dedication to nourishing both body and soul.

Since launching in 2013, Soup's On! became one of our most beloved weekly gatherings, thanks to Wendy's tireless effort. Every Tuesday, community members eagerly awaited her comforting, home-made soups, sandwiches, and friendly

conversation. Wendy always welcomed a donation of any size, ensuring these meals remained accessible to all.

When asked about her favorite soup to prepare, she would share her love for tomato tortellini, though she confessed she “loves all soups.” She delighted in surprising the table—once unintentionally adding pineapple chunks to a cream-

of-potato soup (intended as corn niblets!)—yet her guests embraced the surprise, believing it to be a secret ingredient.

Through “Soup's On!,” Wendy fostered connection and joy in the simplest of moments.

Wendy's compassion extended far beyond nourishing meals. She was instrumental in supporting

community projects—helping to purchase gazebo materials, playground swings, garden boxes, and even nourishment for

the boys' drum group. Donations received during Soup's On! often supported our WFN Pow Wow and capital fundraising efforts. Her vision and generosity helped to build both community spaces and community spirit.

Wendy nourished our community in body and spirit. As we remember her kind words, joyful laughter, nurturing hands, and homemade soup, let us continue to follow her example, feeding the soul and heart of Wahnapiatae.

Soup's On!

TUESDAYS

📍 **MAAN DOOSH GAMIG**
☎ **(705) 858-0610**

ORDER BY 11:00 AM PICK-UP BY 12:00 PM

BY DONATION ONLY. ALL PROCEEDS OF SOUPS ON! CONTRIBUTE TO COMMUNITY PROJECTS & STUDENT BURSARIES.

It's Been a Busy Month in Education!

We're working with Leo to finalize quotes for a new building to house the After

School Program (ASP) and Youth Leadership Program (YLP), and we're also planning repairs to our storage containers. We're still awaiting a response from Rainbow District School Board regarding our education service agreement.

Our pilot project with the Sudbury Catholic District School Board is going well. It was featured at the AES Conference, where other First Nations showed strong interest. Communication protocols are now in development to guide the next steps.

The draft strategic plan is complete and under review, with a community planning session coming soon. Key reports covering IELCC activity, finances, and student assessments have also been submitted.

Event planning is in full swing. Our annual award ceremony and open house are coming up, with schools and staff already involved. Summer Camp registration ran until June 19, with fun swag on the way and events like trips and band-wide fun being planned. After-School Program and Youth Leadership Program students will wrap up the year with a Neon Glow Party and scavenger hunt.

In post-secondary, 32 students applied for funding. So far, 26 have been accepted, three have extensions until June 12, and three were not approved and referred to Gezhtoojig Employment and Training. There was also a voting meeting between Laurentian University's LUNEC members.

Melanie Gravelle was hired on as the new Anishinabek Student Support Program on June 4. Check out her bio to the right!

Staff attended the ILECC Spring Gathering in Toronto, where they shared community successes and explored new ideas for funding, infrastructure, wellness, and program development.

In early years, the final Baby Eagle Staff session takes place June 18, with a Birthing Ceremony planned for July 31, and interviews for a secondary student to be

hired to assist with summer camp has taken place. Congrats Autumn Skelliter!

We look forward to continuing to serve WFN with more updates in the coming months!

Miigwech,

The Education Team

My name is Melanie Gravelle, I am the new Anishnabek Student Support Worker. I grew up in Azilda and lived in Southern Ontario for 10 years. I love the outdoors especially spending time swimming and camping. My favorite place to camp and fish is in River Valley where every summer as a child I would go camping with family and friends.

I am a graduate from College Boreal and received 2 diplomas (Child and Youth Worker and Law Clerk). I worked most of my career with children and youths that have special needs, behaviors or needing support. I have worked in schools, group homes and as a Behavioral Therapist.

I am a mom of a 7-year-old girl that loves to sing and dance. We love swimming and exploring the world together. When I have time to spare my favorite thing to do is reading. I have a huge collection of books and love getting lost in a good book.

I look forward to my new journey here at WFN and look forward to getting to know you.

Don't forget to check our page on the website for Education updates, opportunities and bursaries!

WASTE DIVERSION IN JULY

REPAIR

**BEFORE TOSSING THAT RIPPED FLANNEL OR WOBBLY CHAIR,
ASK YOURSELF – COULD THIS ITEM BE REPAIRED INSTEAD?**

Repairing items not only extends their lifespan and keeps them out of the landfill but also saves you money and helps reduce the demand for new materials and manufacturing. Waste audits across Canada show that many items that people throw away are still repairable, especially textiles, appliances, and furniture.

DID YOU KNOW?

Every year, the world produces *92 million tons* of textile waste.

Canada alone trashes up to a *billion pounds* of fashion and home goods made of fabric every year.

BASIC HOME REPAIRS**

Miin Giizis Horoscope

Salmon & Leo

People born at this time have a great strength. The strength that they possess comes from a fiery passion that could be said to trigger immense willpower. The demonstrative Leo energy, we know of in western astrology, is available to people born at this time. In Native American tradition it is believed that individuals born during this phase possess characteristics similar to the salmon, a creature that, at least once in their life, intuitively engages in a creative journey for the purpose of reproduction. This journey requires sheer determination, as often the salmon will risk its life to get where it needs to be. Like Leo folk who can possess have such a fiery focus, Salmon individuals may fervently know what they want and won't stop till they get it. The Salmon energy can be found in the south, a time when the sun shines brightly and our soul needs to engage in the creative process in order to truly experience life. The Otter energy, found directly opposite the salmon in the north, reflects the fiery passion of the salmon qualities by revealing the strengths of logic and detachment. When the salmon energy is close to burning out it is the Otter qualities that can impasse important wisdom to the salmon individual.

Know the Signs

A drug poisoning is a medical emergency.

Know the signs of a drug poisoning and call 9-1-1 right away if you notice someone experiencing the following signs/symptoms:

- difficulty walking, talking, or staying awake;
- blue lips or nails;
- very small pupils;
- cold and clammy skin;
- dizziness and confusion;
- extreme drowsiness;
- choking, gurgling or snoring sounds;
- slow, weak, or no breathing;
- inability to wake up, even when shaken or shouted at.

Don't Run. Call 9-1-1.

Anishinabek Police Service frontline officers and other first responders carry naloxone and we want to assist. The Good Samaritan Drug Overdose Act provides broad legal protections for anyone seeking emergency support during a drug poisoning, including the person experiencing the poisoning.

This means citizens, including youth, will not be charged for offences such as simple possession for calling 9-1-1 in an emergency.

Carry Naloxone

Naloxone can temporarily reverse an opioid poisoning. It is available free-of-charge, at the Centre of Excellence, along with substance testing kits. Contact or visit Heather, Community Wellness Coordinator, to get yours.

Free naloxone and substance testing kits available.

Aanii, boozhoo,

As we move into the heart of summer, I want to take a moment to thank all of you who participated in our recent Council elections. Whether you ran for office or supported someone who did, your engagement shows the strength and spirit of our community. It takes courage and commitment to step forward in leadership, and I deeply respect everyone who put their name forward.

I would like to extend my sincere congratulations to Bob Pitfield on his re-election, and to Marnie Anderson, Jamie Roque, and Terry Roque on their successful elections to Council. Each of them brings valuable insight, passion, and dedication to the table, and I look forward to working together to support our community and move our Nation forward.

I also want to offer heartfelt thanks to our outgoing councillors for the dedication and time they gave during their term. Your efforts helped to lay the groundwork for many of the initiatives we are continuing today. Your service to Wahnapiatae First Nation will not be forgotten.

I am truly honoured to be re-elected as Chief of Wahnapiatae First Nation. It is a responsibility I do not take lightly. Over the next term, I will continue to work tirelessly and advocate for the wellbeing of our members—both on- and off-reserve. Whether it's in health, housing, education, economic development, or preserving our culture and traditions, I will ensure our voices are heard and our needs are represented at every level.

Summer is a time for celebration, reconnection, and rest. Please remember to stay safe—especially when out on the water. Safe boating saves lives, and we want everyone to enjoy the season in good health and good spirits.

We have so many exciting events and activities planned in the weeks ahead. Be sure to check out the full calendar of community events, and don't forget to stop by the Open House on July 5. It's a great opportunity to visit, ask questions, and connect with programs and staff working on behalf of our Nation.

And finally—to all our children, youth, and families—have a fun, safe, and joyful summer. Enjoy every moment, take care of one another, and let's continue to support and uplift each other as a community.

Goals

Set 1 goal • Be kind
Move 30 min/day
Drink water • Try something new

Each week, try your best to reach these small goals. They'll help you grow, learn new things, stay healthy, and have fun. Remember, progress is more important than perfection. Let's do our best and support each other!

Notes

****All scheduled activities are subject to change due to weather, or unforeseen circumstances. Parental responsibility to have other arrangements in place if childcare is required.****

Summer Camp Schedule:
