CENTRE OF EXCELLENCE

Wahnāpitae First Nation BREAKS GROUND

Community members and partners

Chief Myles Tyson, Elder Annabelle McGregor
Marc Butler - Xstrata Nickel,
Frank Flynn - QuadraFNX

On Friday, August 12, 2011 at 11 am, the Wahnāpitae First Nation community hosted a ground breaking ceremony for the new Centre of Excellence. We are proud to announce the new site of our long awaited Centre of Excellence which will house the governance, administration, Health Clinic, Sustainable Development and a community multi-purpose hall.

Chief Myles Tyson stated "this is a very exciting time for the people of Wahnāpitae First Nation. The Centre of Excellence will not only provide the staff of the band with a clean warm place to work but also give our residents a community centre we can all use and be proud of".

In celebrating this historic event representatives from our Partners in this initiative QuadraFNX and Xstrata Nickel were here along with our Health Service provider Shkagamik-Kwe Health Centre who assisted our Elder Annabelle McGregor in the ceremony. The ground breaking ceremony was followed by a pizza community lunch provided by Rocky's.

In addition the new Centre of Excellence will house, membership, economic development, human resources, lands and resources, health services along with our youth programming. As our thriving community continues to grow, so do our departments, enabling us to provide the best services to our members.

This new Centre of Excellence will be the face and gateway to our community. It will demonstrate that we are committed in working together as a community alongside our economic partners like Quadra FNX and Xstrata Nickel. The Centre of Excellence is one step in achieving a self sustaining community.

WAY TO GO WAHNAPITAE!!!

THE 16TH ANNUAL POW WOW A HUGE SUCCESS!!

I want to thank all the people who had a hand in making this year's Pow Wow the best and largest to date. There was a lot of hard work and dedication put forth from our members (both Band & Commu-

nity), the students who did everything from security, clean up to helping with the construction of a simply amazing arbour, and especially to the volunteers who stepped up and gave of their time and energy. A special thank you goes out to Phil Pharand for donating his

hard-earned Fire Keeper's honourarium to the Gordon Roque Scholarship Fund.

You should all be very, very proud of yourselves!

UP THEY GO!!!

On Wednesday August 03rd, Chief and Council took a helicopter flight around the reserve and the surrounding area. This was a great opportunity to see all the activities that are happening within our vicinity as well as to photograph anything and everything! Here are a few beautiful scenic shots taken by our Chief during the flight.

BINGO & BAKE SALE UPDATE

Thanks to everyone who came out and supported our fundraising bingo and silent auction bake sale on August 12, 2011 at the fire hall. The bingo alone raised \$223.05 which will be deposited into the fundraising account.

There were 15 pay as you play bingos, 2 ham specials, 2 blueberry pie specials and a \$100. jackpot. Crystal Oswamick won a blueberry pie and a ham. Denise Burke won a ham, Kim Gollan won a blue-

berry pie and the jackpot was won by Brenda Gaudette and her sister Lisa Gaudette.

The bake sale raised \$170. Thanks to everyone who donated home baked items. Some bids went as high as \$20. for a pie! What an awesome fundraiser.

A special thanks to the bingo helpers: Joan Recollet, Erika Golan, Amanda McGregor and Alex Perras. What a great job!

Happiness is yelling BINGO!

Youth Fundraising BBQ's Update

Chi Miigwetch to everyone for all your support over the summer.

\$1400.00 was raised which will be deposited into the Youth Fundraising Account.

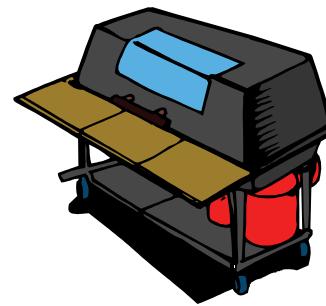

BBQ fundraising dollars have purchased the playground swings, storage shed (at playground), sewing machines, money prizes for lip sync contests, this only names a minor few.

Look around and be proud of what your support helps us do.

We will continue to fundraise to add articles/items to improve programming for all to enjoy!

Miigwetch!

Picnic Lunch & Medicine Walk Update

Chi Miigwetch to Louella Tobias for sharing her Traditional songs and teachings.

There were 6 participants to share our picnic at the Pow Wow Grounds and enjoy a medicine walk. We each shared our knowledge of traditional medicines and what we used them for. Louella talked about the different balsam trees and their medicinal uses. She also pointed out Chaga also called 'Spirit Chaser Medicine', which is used to get rid of evil spirits. Louella explained that you need to be very careful with this medicine because if not done properly it can get rid of the good spirits too. It is not to be used around your sacred bundle ex: feathers, drums, shakers etc; To use this medicine to get rid of spirits you need to call in someone who is an expert on these ceremonies.

Louella also told us that you can make a tea from dried raspberry leaves to aid in stomach upset. We also came across a lot of gold thread which is used as a gargle for sore throats, cankers, gum disease etc;

If we can each remember one medicine we can pass this knowledge along to help the future generations.

Miigwetch,

Wendy Tyson - Community Wellness Worker

Dried raspberry leaves
can be used as a tea to
aid in upset stomach

Gold Thread used as
a mouth wash to aid in
sore throat, cankers, etc;

Pine Gum can be
used on wounds to
relieve pain and
hold wound together

Chaga is an
excellent fire starter
and is used for
fighting cancer.

Most plants have more than one medicinal property.

The roots and stems are all used for various ailments.

Remember to only pick what you will need until next season.

Waste Diversion Tech's!

The Sustainable Development Department has hired 2 Waste Diversion Technicians, Ed Roque and Paul MacDonald! Ed and Paul will be doing lots of stuff to get our landfill site in tip top shape. The Waste Diversion Strategy is a plan that was made to help us better manage our landfill site and the garbage we generate.

As part of the waste diversion strategy, we will be implanting a monitored landfill site. This means that people coming to the landfill will first have to check in at the landfill site gate house and speak with Ed or Paul letting them know what type of waste you are bringing in and they will direct you as to where to place it. The landfill will be available to members ONLY during the hours when the landfill is open, this means that the locks will be changed on the gate and your keys will no longer work. Paul and Ed will be working hard to figure out the best times to have the landfill open, if you have any suggestion, please do not hesitate to let them know. The gates on the landfill will be changed as of September 8, 2011. Paul and Ed will also be doing the curbside garbage and recycling pickup. If you want to see a copy of the Waste Diversion Strategy or learn more about our environmental initiatives, please come and see Cheryl, or give us a call at the band office!

LOOK - WHAT'S IN THE LANDFILL?

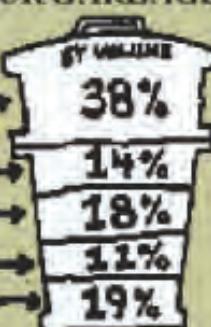

The landfill is where most waste ends up. If only people would recycle more, we wouldn't need so much landfill.

WHAT'S IN OUR GARBAGE?

Most of the garbage volume is paper!

There is some metal,
some plastic,
a little yard waste,
and a mixture of
other things.

CAN YOU FIND: Rubber tire, Wagon, Guitar, Ball, Ski pole, Toaster, Hockey stick, Milk carton, Chair, Pop can, Cardboard box, Newspaper, Stove, Plastic bottle, Running shoe, Telephone book, Ski, Pants, Rake, Tricycle, Shovel, Apple, Cup, Light bulb, Lamp, Yoyo

What else can you find?

What items could have been recycled?

How can you keep these items out? Ask yourself:

Do I really need to use this?

How much do I really need?

How will I dispose of this when I'm finished?

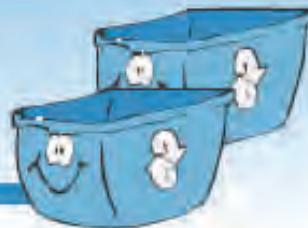

What parts can I recycle?

What parts can I reuse?

Plastic Containers

If one of these numbers appears on the bottom of a plastic container, place it in your Blue Box.

Do not recycle. Put these items in your regular garbage.

Containers that don't have a number, containers that have a 3 or 7 stamped on the bottom, plastic ashtrays and utensils, plastic toys.

Glass Bottles and Jars

Please empty and rinse before placing in your Blue Box. Leave labels on bottles and jars. Leave plastic lids on bottles. Metal lids should be taken off bottles or jars and placed in your Blue Box.

Return for Refund!
Return wine and liquor containers to The Beer Store for a refund.

Do not recycle.
Put these items in your regular garbage.
Drinking glasses and other dishes, light bulbs, broken glass, window panes, flower pots and ceramics, mirrors. Please see page 7 for safe disposal of broken glass.

Paper

Almost all types of paper can be recycled.
Newspapers, magazines, junk mail, etc.

Do not recycle. Put these items in your regular garbage.

Drapes, facial tissue and paper towels, tissue paper, cookie bags, paper drinking cups, waxed paper.

Plastic Bags

You can recycle all types of plastic bags. Turn bags inside out to empty and remove paper. Stuff empty bags into one and tie at the top. Place in your Blue Box.

When shopping, choose reusable cloth bags.

Do not recycle. Put these items in your regular garbage.
Bubblewrap, plastic food wrap, gimbala bar wraps.

Polystyrene Foam

• Food egg cartons, meat trays, plates and cups.
• Take out food containers

• Solid white foam used for packing.
Break large pieces into smaller sections.
Maximum 2 ft. x 3 ft. x 1 ft.

Do not recycle. Put these items in your regular garbage.
Small foam "peanuts" used in packing, dry-foam, foam treated with fire retardant for thermal insulation.

Cardboard and Boxboard

Remove bags, tissue paper and other liners from inside the boxes. Flatten all boxes and fold to a maximum size of 30" x 30". Place either beside or inside your Blue Box.

Do not recycle. Put these items in your regular garbage.
Coffee cups, waxed cardboard, wooden fruit crates.

Reduce, Reuse, Recycle

Reduce:

- Avoid items that are excessively or needlessly packaged.
- Buy reusable coffee filters and cloth napkins. Avoid paper/wax plates and cups.
- Avoid plastic bags. Carry reusable bags or boxes for your shopping trips.

Reuse:

- Reuse scrap paper for writing notes and white boards.
- Use refillable containers and rechargeable batteries.
- Wash and reuse plastic food storage bags and heavy aluminum foil.

Recycle:

Instead of throwing away things you no longer need, consider organizations that can give your items a second life. Thrift store groups in the City of Greater Sudbury accept used clothing, furniture, appliances and old computers.

Some organizations are willing to pick up donations.
Holding a yard or garage sale is a great way to recycle unwanted items so they can be reused by someone else.

For a list of non-profit organizations in your area that are willing to accept your gently used items, please call 2-1-1 or visit www.greensudbury.ca.

Beverage Boxes and Cartons

- Both and Soup
- Milk and Cream
- Juice boxes (drinking boxes)

Please empty and rinse before placing in your Blue Box. Remove straws and put in your regular garbage.

Metal Containers

- Disposable aluminum foil, pie plates, trays, etc.
- Food cans (push the lids inside the can)
- Juice and pop cans

Do not recycle.
Put these items in your regular garbage.
Cook hangers, pots and pans, wire, chip bags, foil seal yogurt etc.

Empty Aerosol/Dry Paint Cans

- Empty and dry paint cans. Remove lids and place in Blue Box.
- Aerosol cans ("spray" cans) that are empty.

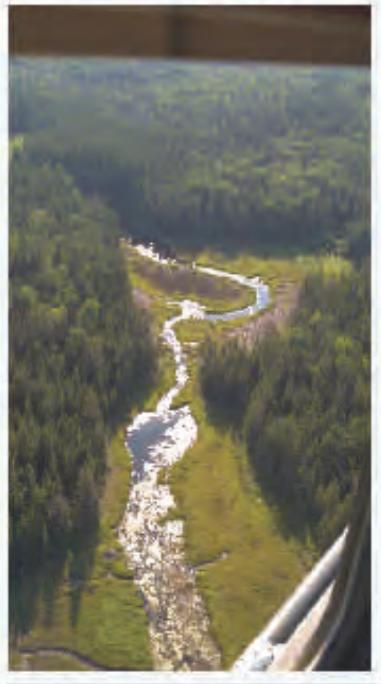

Do not recycle.
Cans with paint inside and aerosol cans that are not empty are Hazardous Waste. See instructions in this flyer on page 6.

Cardboard Cans

- Cardboard containers for refrigerated dough, frozen juice, chips, nuts, powdered drink mixes and powdered cleaners

Include both metal ends in your Blue Box. Discard the plastic pull on strip and foil on sea with regular household waste.

Aanii - Welcome to the Wahnapitae First Nation website.

Our traditional name is **Wahnapitaeping** "That place where the water is shaped like a molar tooth".

Our vision for this website is to provide information to our band members, stakeholders and others interested in our community. We are proud of our rich heritage and culture and want to share that information with you.

The site will hold a wealth of accurate information about **Wahnapitae First Nation** and our history as well as additional up to date information in our members section.

We invite you to comment on what you see here as well as provide us with suggestions to provide a balanced website experience for you.

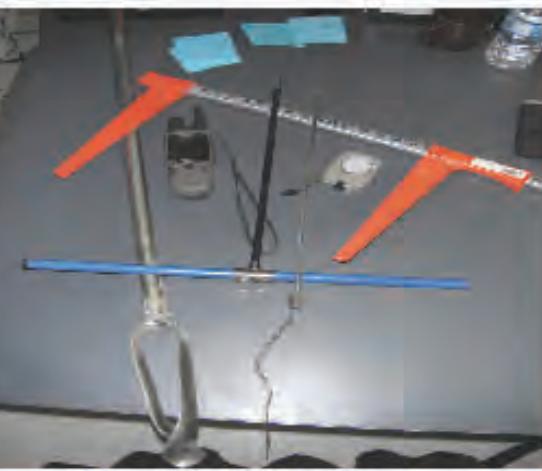

Summer Youth Camp

Forestry and Natural Resource Day!

At the beginning of the month our Natural Resource Intern and Environmental Technician had the opportunity to spend a whole day with the summer youth camp. In the morning, the kids had a great time using the various forestry and soil plot equipment. They were able to determine the diameter, height and age of various trees located around the gazebo. They also had the occasion to dig a hole with the help of our auger and really see firsthand the different layers of soil underground.

During the afternoon our team taught the kids various tricks to determine the different types of trees around the reserve. They then had to divide into two groups and recreate a picture of their favourite trees....using only material from the trees.

Heidi and I would like to take this opportunity to thank all the kids that participated that day! We had a great time!

Right: The forestry and soil equipment the kids had a chance to try out.

OLG Gaming Revenues Computers for Students Policy

PURPOSE:

To ensure the implementation of the OLG Gaming revenues in a fair and equitable manner for the benefit of the Wahnapitae First Nation membership. This allocation is intended to enhance the education of our students by providing them with the opportunity to purchase a computer and or related software to assist them in their studies and meet course requirements.

ALLOCATION:

Students will be able to access a one-time subsidy of **\$500.00**. These funds are for the purchase of a computer hardware and or software that is required for the applicants course (s). Proof of costs over the amount of the subsidy will need to be provided by the student or his/her parent or guardian prior to the WFN releasing its subsidy payment. Students are responsible for all maintenance, upgrades, and repairs to computers and or software purchased. Annual Allocation is **\$5,000.00**.

ELIGIBILITY:

Full Time Secondary, Post Secondary or Graduate students who are registered members of WFN and are not in arrears with any OLG Funded programs may apply.

When there are two or more students living at home, only one student may apply in each fiscal year.

APPLICATION PROCESS:

The application deadline date will be August 1st each calendar year and will be on a first-come first-served basis. In the event a surplus in the allocation remains, it will be used to support any subsequent requests until the budget has been depleted or returned to the overall OLG budget.

Eligible applicants (parents/guardian for applicants under 18) must:

- Make initial contact with the WFN Receptionist
- Submit a complete application form and estimate that identifies the computer specifications/configurations and software that is required to meet the students course requirements as confirmed by the school representative.

Completed application forms and estimates will be provided to council for processing.

OLG Gaming Revenues Recreation and Sports Policy

Purpose:

To ensure the implementation of the OLG Gaming Revenues Training fund in a fair and equitable manner for the benefit of the WFN First Nation minor aged membership.

This allocation is intended to enhance the lives of our membership, and provide them with the opportunity to expand their horizons, develop new skills, and explore areas of interest that may not normally be accessible to them.

It is hoped that this allocation of funds will enable our minor aged children to join and participate in local activities, which may include but are not limited to, music lessons, various sports as well as other activities that meet the outlined criteria.

Eligibility:

Wahnapitae First Nation Band Members not in arrears with other OLGR funded programs and between ages of 5-18 yrs.

Eligible Activities:

The following are some examples of eligible activities: Minor Hockey Registration costs, baseball, basketball registration costs, kickboxing, karate and taekwondo. Examples of eligible expenses include registration fees only, any necessary clothing and/or equipment will be the responsibility of the applicant.

Allocation:

Annual allocations will be in accordance with the On-Going plan for the OLG Revenues and accessing funds will be on a first-come first-served basis annually. The Council will allocate **\$7,500.00** for an annual budget.

Members may access the fund to a maximum of **\$500.00** for each fiscal year.

Process For Requesting Funds:

Initial contact with the WFN Receptionist is required to ensure that funds are available and that the activity is eligible under this policy. Requests for funding for lessons or training from immediate family members will be dealt with on a case by case basis.

The following criteria will be used to determine accessibility:

WFN members must complete/provide the application/agreement form and any relevant documentation such as proof of registration costs and information on the activity at least 20 days prior to the date required.

To ensure the funds are well utilized, applicants may be asked to complete a questionnaire and/or submit a certificate or other type of verification of activity enrolment/completion. The completed application will then be sent to council for processing.

One benefit of using your newsletter as a promotional tool is that you can reuse content from other marketing materials, such as press releases, market studies, and reports.

While your main goal of distributing a newsletter might be to sell your product or service, the key to a successful newsletter is making it useful to your readers.

A great way to add useful content to

your newsletter is to develop and write your own articles, or include a calendar of upcoming events or a special offer that promotes a new product.

You can also research articles or find "filler" articles by accessing the World Wide Web. You can write about a variety of topics but try to keep your articles short.

Much of the content you put in your newsletter can also be used for your Web site. Microsoft Publisher offers a simple way to convert your newsletter to a Web publication. So, when you're finished writing your newsletter, convert it to a Web site and post it.

Inside Story Headline

This story can fit 100-150 words.

The subject matter that appears in newsletters is virtually endless. You can include stories that focus on current technologies or innovations in your field.

You may also want to note business or economic trends, or make predictions for your customers or clients.

If the newsletter is distributed internally, you might comment upon new pro-

cedures or improvements to the business. Sales figures or earnings will show how your business is growing.

Some newsletters include a column that is updated every issue, for instance, an advice column, a book review, a letter

from the president, or an editorial. You can also profile new employees or top customers or vendors.

Inside Story Headline

This story can fit 75-125 words.

Selecting pictures or graphics is an important part of adding content to your newsletter.

Think about your article and ask yourself if the picture supports or enhances the message you're trying to convey.

Avoid selecting images that appear to be out of context.

Microsoft Publisher includes thousands of clip art images from which you can choose and import into your newsletter. There are also several tools you can use to draw shapes and symbols.

Once you have chosen an image, place it close to the article. Be sure to place the caption of the image near the image.

Wahnapitae First Nation's 16th Annual Traditional Pow Wow

*"Minaajtoong Mijiwebnin Gdi-chijaakminan"
"Celebrating the Awakening of Our Anishinabek Inner Spirit"*

Aanii, Bonjour, Hello....it is a great honour to have the privilege of working for the WFN community in coordinating this year's annual cultural event/celebration!

I am so proud of this community for coming together, taking on designated roles and working with harmony of establishing beautiful Pow Wow grounds. You have all worked hard and dedicated yourselves, even on weekends. A chi-miigwetch goes out to the 2011 Pow Wow Helper of the Year ~ Tyson Kratky (a.k.a. ~ "Foreman") for committing & working hard with others that are MUCH older than you!! ☺

From the commencement and to the end of my contract, I have observed and felt the spirit of the community 'awaken'...each and every one of you should be proud of the creation that took place, the memories and the 'good' that each one felt during and after the Pow Wow. The best reward in life is the imprints in each one's heart that creates a stronger and beautiful individual; thus, creates a stronger and beautiful community!

I wish you all the blessings that one could have and good luck for next year's Pow Wow which is scheduled for August 18 & 19, 2012. I have confirmed (with semaa) the drum head line-up, which are:

Host Drum: Sitting Bear ~ Wikwemikong Unceded Reserve

Cohost Drum: Thunder Mountain Singers ~ Thunder Bay area

Invited Drum: Chippewa Travellers ~ Sudbury/Central Ontario Area
